

Join Pasos Long-Term Foster Care

Imagine What It Takes to Leave Everything Behind.

For many unaccompanied children, the decision to journey to the U.S. is not a choice. It's a last resort. They leave their homes to escape violence, gang threats, and crushing poverty, often with no guarantee of safety along the way. Behind every child is a story of courage, loss, and the hope for a life where they can simply be safe, go to school, and be a kid again.

As a foster parent to an unaccompanied child, you can provide the stability and support they need.

- Our children are primarily male, from Central America, and between the ages of 12-17.
- Children are in the U.S. without a parent or legal guardian.
- Agency provides medical, dental, case management and clinical services.
- Legal representation to pursue a more permanent life in the U.S.
- Children attend school in their home communities.

Your home can be a safe space for an unaccompanied child.
